Notice.
COLUMBIA, S. C., January, 1870.
The Charlotte, Columbia and Augusta Rail-
road Company having been formed by the
consolidation of the Charlotte and South Car-
olina and the Columbia and Augusta Railroad,
and having executed a first and only mort-
gage on its entire property of 195 miles, in-
cluding equipment, is now redeeming all the
bonds formerly issued by said two companies
by an exchange of its first mortgage bonds.
These bonds bear seven per cent. interest, pay-
able in January and July, and are simply re-
deemed by a mortgage on property worth cost
per mile more than three times the amount of
bonds so issued.
The present price of the stock and the busi-
ness of the road give ample guarantee of the
security of the obligations for a permanent in-
vestment. Indeed the opinion is freely ex-
pressed, that there is no safer bonds issued by
any party or corporation in the State, and
they are cheerfully recommended to capitalists
as a safe investment.
For the purpose of funding the floating debt
of the Company \$50,000 of these bonds are
offered for sale to the public, at the Treasur-
er's Office in Columbia.
WM. JOHNSTON, President.

Doty's Washing Machine,
Lately Much Improved—and the new
UNIVERSAL CLOTHES WRINGER
IMPROVED with Revell's Patent Double
Cog-wheels, and the Patent Stop, are
now unquestionably far superior to any ap-
paratus for wringing clothes ever invented,
and will save their owners twice a year, by
saving labor and clothes.
Southern people who have used them
testify as follows:
"They save three fourths of the labor and
cost, and pay for themselves both in money
and contentment. Let every young lady
learn to use them, and every married one
keep them in her house."—New Orleans
Pilot.
"An excellent Washing Machine. We
have tried it. The Clothes Wringer is very
superior. A good hand will wash a large
number of pieces in a few hours."—Raleigh
(N. C.) Episcopal Methodist.
"The Machine is no humbug, but a ne-
cessary and useful article."—Georgetown (N.
C.) Raleigh.
"We would not part with it for anything,
and are compelled to do without it."—
Morganton (W. Va.) Post.
"We have one, and speak from observa-
tion. It works admirably. In one year it
will pay for itself."—Cleveland (Tenn.) Ban-
ner.
"We have one of Doty's Clothes Wash-
ers, and our household are in ecstasies over
it. They are great economizers of time and
labor."—Edgfield (S. C.) Advertiser.
"Far superior to any apparatus for wash-
ing clothes ever invented, and an indispen-
sable institution in every family."—Mar-
boro' (Md.) Gazette.
"No one, after fairly testing their capa-
cites, will be willing to do without them."
Fayetteville (Tenn.) Observer.
"We have one of these excellent Ma-
chines in use, and we cheerfully commend
it for all that is claimed for it."—Ruther-
ford (N. C.) Visitor.
"A child ten years old can do the wash-
ing just as well as a grown person. Every
good husband should secure one for his
family."—Morganton (W. Va.) Constitution.
"After over two years' experience with
it, we are assured that it is the great-
est help and economizer of time, labor and
money, we have yet had introduced in our
household."—Williamson Smith, New Or-
leans.
"I have had a Doty Washer in my fam-
ily for some time. It gives entire satisfac-
tion, and I take pleasure in commending it
to the head of every household."—R. T. Z-
era, Jefferson, Texas.
"I have had one of Doty's Clothes Wash-
ers in use for a year, and am perfectly sat-
isfied with it. My family have tried it
faithfully, and have never known it to fail
to accomplish all that it professes to."—
Prof. J. F. Stevens, Concord Female College,
Statesville, N. C.
PRICES—A Fair Offer.
If the Merchants in your place will not
furnish, or send for the Machines, send us
the retail price, Washer \$15, Extra Wringer
\$10, and we will forward either or both
machines, free of freight, to places where
no one is selling; and to sure we will be
liked, that we agree to refund the ma-
chines free of freight, after a month's trial,
according to directions.
No husband, father or brother, should
permit the drudgery of washing with the
hands, fifty two days in the year, when it
can be done better, more expeditiously,
with less labor, and no injury to the gar-
ment, by Doty's Clothes Washer, and a
Universal Wringer.
Sold by dealers generally, to whom liberal
discounts are made.

Dictionaries. 3,000 Engravings; 1,840 Pages
Quarto. Price \$12.
"One of my daily companions. My testi-
monial to its erudition, the accuracy of its
definitions, and to the vast etymological re-
search by which it has been enriched through
the labors recently bestowed upon it, can be
of but little value, sustained as the book is
in world-wide reputation, by so general an
approbation; but I have no hesitation in thus
expressing my sense of its merit."—Hon. John
L. Motley, the Historian, and non American
Minister at the Court of St. James, 1868.
"In its general accuracy, completeness and
practical utility, the work is one which none
also can read, or write, or converse, or afford
to dispense with."—Atlantic Monthly.
"Young man, if you already have a Bible,
say Webster's Unabridged Dictionary next."
[Chr. Sem.]
These three books are the sum total of great
literature: the Bible, Shakespeare, and Webster's
Unabridged Dictionary. The Bible is the
foundation of all knowledge, and the key to
this work, well used in a family, will be of
